

### DESCRIPTION

**ROOTAGE®** is a mixture of nutrients and vitamins that, when applied to crops, induces the formation and development of the root system. It stimulates vigorous growth of the roots, which results in an increase in the development of the aerial part of the plants. In addition, it induces the increase of root surface, and therefore absorbent hairs, resulting in a greater absorption of nutrients.

### CONTENT

Organic Matter (Mat. Org.) .....	15.00%
Pantothenic Acid (Pantothenic Ac) .....	2.00%
Nicotinic Acid (Nicotinic Ac) .....	2.00%
Nitrogen (N) .....	2.00%
Potassium (K <sub>2</sub> O) .....	1.00%
Phosphorus (P <sub>2</sub> O <sub>5</sub> ) .....	1.00%
Zinc (Zn).....	1.00%

### DOSAGE AND METHOD OF APPLICATION

CROP	DOSE	APPLICATION METHOD	APPLICATION TIME
Cucurbit vegetables (melon, watermelon, etc.) Tomatoes and chilies Onion, garlic	1 lt/ha	Pressurized irrigation (dripping and/or spraying)	Apply every 15 days for as many times as necessary in the cycle
Strawberry, blueberry	1 lt/ha		
Raspberry, blackberry	2 lt/ha		
Vine	3 lt/ha		
Perennial fruit trees, avocado	3 lt/ha		
Deciduous fruit trees	3 lt/ha		

### ADVANTAGE

Greater vigor and development of root and vegetative.  
Improves resistance and resilience to stress conditions.  
Deficiencies such as soil compaction, climate, poor moisture management, that can decrease the development of the root system of the crops

### COMPREHENSIVE TECHNICAL ADVICE CONTENT

**Agronutrientes del Norte, S.A. de C.V.** guarantees that the contents of the container are in accordance with the specifications of the label.
